

Sterling

**Early payment discount
extended to February**

STERLING — Because of last year's response to the Sterling Municipal Light Department's 20 percent discount, the SMLD has extended its early payment discount program from November through February. In order to receive these discounts, customers must be determined eligible; billing statements will indicate discount date if applicable. Payment must be made in full, at the SMLD, by 3:30 p.m. on (or before) the discount date.
