THE PRODUCT

Sunrise™ Solar-Powered Attic Fans

Let the sun cool your home! The Sunrise™ Solar-Powered Attic Fan is an environmentally-friendly way to cool and protect your attic and roof. As your attic forces excess heat back into your living space, driving cooling costs up, this solar powered fan continues to circulate fresh air creating a more comfortable living environment in your home. Enjoy the following benefits:

- Reduce cooling costs by up to 30%
- Extend the life of your HVAC equipment
- Prevent mold and mildew
- Remove attic heat and moisture
- Prolong the life of your roof

THE GOAL

In today's global economy, the SMLD will continue to find ways that its customers may make choices in how they conserve energy.
